

OPTICA in Focus

OPTICA FOUNDATION ANNUAL SUPPORT

Thank You to Our Donors

We fundamentally believe in the importance of cultivating the next generation of optics and photonics.

This listing (amounts in US dollars) indicates those who have contributed recently to foundation programs supporting students and early-career professionals. Recognizing total contributions over the past ten years: donors in **GREEN** have contributed US\$20,000 or more; those in **BLUE** have contributed US\$5,000 or more.

We are the next generation.

Donate to the Optica Foundation and support training, mentoring, scholarships and professional development for students and early-career professionals in optics and photonics. All contributions go directly to programs and are matched dollar-for-dollar by Optica.

Double your impact.

Optica will match your contribution to the foundation **100%** with a gift to the annual fund, allowing your contribution to have double the impact. Please visit optica.org/Donate.

Donation level is determined by the sum of one-time or recurring contributions of US\$25+ made by an individual or company between 01 July 2022 and 31 December 2023, and/or pledge agreements signed between 01 January 2021 and 31 December 2023. Standard pledges are paid in three-year terms, and donors are recognized for the pledge contribution at the total amount for three years. Donors with alternative pledge payment plans are listed for three years. Please contact foundation@optica.org with questions or corrections.

LIFETIME DONORS

Your contribution has made a difference.

We recognize the Optica Foundation’s highest-level donors—both individuals and companies—whose generosity has strengthened our ability to serve the community.
